MB Firepumps Ltd are committed to continual improvement of our systems and the ultimate quality of goods/ services we supply, with the underlying aim of minimizing impacts on the Health, Safety and Environment in which we operate. We will;

- **Strive to attain highest achievable standards of Quality** (aligned to requirements of ISO 9001 (2015) , **whilst not compromising the Health, Safety and welfare of our employees and any others who may be affected by our activities;**
- **Help to provide safe workplaces** (with our partners) **by identifying, eliminating or mitigating hazards and occupational risks** (during on-site visits/RA activity);
- **Comply with all Legislative and Regulatory standards relevant to our activities** (incl. as a minimum requirements of HASAW Act 1974, specific BS5306 series and LPC guidance);
- **Where involved in minor pump/ equipment installation and refurbishment works our activities and associated RAMS will take into account CDM** (Construction Design and management Reg 2015) **aspects** (normally sub-contracted via Principal Contractor 'Duty Holder' responsibilities),
- **Involve the workforce through training, participation, consultation and effective communication** (as part of our on-going Operational/QS improvements);
- **Prevent recurrence of injuries, ill-health and hazardous conditions by learning from mistakes;**
- **Recognise good Quality performance and responsible Health Safety and Environmental practices;**
- **Co-operate with and encourage clients, suppliers and partners alike to achieve performance improvements throughout their activities, incl.**
  - **Improvements in Product/ Service Quality**
  - **Reduction in Accidents,**
  - **Prevention of Pollution**
- **Regularly set and review Objectives and Targets to help deliver Continual Performance improvements**, in line with these commitments), **and address wherever possible identified business risks/opportunities**
- **Site waste generated will be disposed of correctly and in a safe manner.**

We believe that this policy can help provide basic foundations, programmes and practices, which will contribute to improvements in overall Quality, Health & Safety. We will continue to promote such commitments via all employees (through induction and regular communications), also making available to our partners/other interested parties (via our website), offering on-going advice/ support where appropriate.
