 Bellshill, Lanarkshire ML4 3NN
 Tel: 01698 442411
 Email: admin@mbfirepumps.com

MB Firepumps Ltd are committed to continual improvement of our systems and the ultimate quality of goods/ services we supply, with the underlying aim of minimizing impacts on the Health, Safety and Environment in which we operate. *Ownership of our System is being extended further in 2021..... We will;*

- **Strive to attain highest achievable standards of Quality** (aligned to requirements of ISO 9001 (2015)), **whilst not compromising the Health, Safety and welfare of our employees and any others who may be affected by our activities;**
- **Help to provide safe workplaces for our engineers** (with our partners) **by identifying, eliminating or mitigating hazards and occupational risks** (during on-site visits/RA activity/ additional Covid precautions);
- **Comply with all Legislative and Regulatory standards relevant to our activities** (incl. as a minimum, requirements of HASAW Act 1974, specific BS 12845 Part 1 2018 series, LPC 1239 and FM Global guidance);
- **Involve the workforce through training, participation, consultation and effective communication** (as part of our on-going Operational/QS improvements);
- **Prevent recurrence of injuries, stress, ill-health and hazardous conditions by learning from mistakes;**
- **Recognise good Quality performance and responsible Health Safety and Environmental practices;**
- **Co-operate with and encourage clients, suppliers and partners alike to achieve performance improvements throughout their activities, incl.**
 - **Improvements in Product/ Service Quality**
 - **Reduction in Accidents,**
 - **Prevention of Pollution**
- **Regularly set and review Objectives and Targets to help deliver Continual Performance improvements**, in line with these commitments, **and address wherever possible identified business risks/opportunities**
- **Site waste generated will be returned to our premises and disposed of correctly and in a safe manner.**

We believe that this policy can help provide basic foundations, programmes and practices, which will contribute to improvements in overall Quality, Health & Safety. We will continue to promote such commitments via all employees (through electronic online training, inductions and regular communications and updates provided by ourselves and outside sources), also making available to our partners/other interested parties (via our website), offering on-going advice/ support where appropriate.

Other operational arrangements are outlined within our 'Systems Manual' (MB.S.01).

Signed: *Michael Brogan*
