*MB Firepumps Ltd are committed to continual improvement of our systems and the ultimate quality of goods/ services we supply, with the underlying aim of minimizing impacts on the Health, Safety and Environment in which we operate. We will aim to;*

- **Strive in attaining highest achievable standards of Quality** (aligned to requirements of ISO 9001 (2015)), **whilst not compromising the Health, Safety and welfare of our employees and any others who may be affected by our activities;**
- **Help to provide safe workplaces for our engineers** (with our partners) **by identifying, eliminating or mitigating hazards and occupational risks** (during on-site visits/RA activity/ collaborative Projects);
- **Comply with all Legislative and Regulatory standards relevant to our activities** (incl. as a minimum, requirements of HASAW Act 1974, latest issues of specific BS 12845 Part1, LPC 1239 and FM Global guidance);
- **Involve the workforce through training, participation, consultation and effective communication** (as part of our on-going Operational/QS improvements);
- **Prevent recurrence of injuries, stress, ill-health and hazardous conditions by learning from mistakes, and offering employees a good work-life-balance** (supported by Health Package provision, following trial periods);
- **Recognise good Quality performance and responsible Health Safety and Environmental practices;**
- **Co-operate with and encourage clients, suppliers and partners alike to achieve performance improvements throughout their activities, incl.**
  - **Improvements in Product/ Service Quality** (and maintenance of associated equipment),
  - **Reduction in Accidents,**
  - **Prevention of Pollution**
- **Regularly set and review Objectives and Targets to help deliver Continual Performance improvements**, in line with these commitments, **and address wherever possible identified business risks/opportunities**
- **Site waste generated will be returned to our premises and disposed of correctly and in a safe manner** (as per SEPA License agreements).

*We believe that this policy can help provide basic foundations, programmes and practices, which will contribute to improvements in overall Quality, Health & Safety.*

*We will continue to promote such commitments via all employees (through electronic online training, inductions and regular communications/ updates provided by ourselves and outside sources), also making available to our partners/other interested parties (via our website), offering on-going advice/ support where appropriate.*

*Other operational arrangements are outlined within our 'Systems Manual' (MB.S.01).*
